1 400 EUR

Signature : Wilhelm Lehmbruck

Period : 20th century

Condition : Bon état

Material : Bronze

Width : 19

Height : 34

Depth : 19

Description

Moving and serene, Wilhelm Lehmbruck's bronze sculpture "Sitting Boy" embodies the essence of contemplation. This work depicts a young boy sitting with his head slightly tilted and his legs crossed, in a posture that exudes calm and introspection. The child is not looking outward, but into his own inner world--an attitude typical of modern German art. The finely crafted, patinated bronze of this sculpture reflects a soft, warm light.
