Description

An elegant, contemporary signet ring in gold-plated 925 sterling silver, enhanced by a natural octagonal-cut sapphire in shades of deep blue. Its sleek design highlights a 1.75-carat center stone, delicately framed by six white topazes that lend light and elegance to the design. The gently curved shoulders harmoniously extend the lines of the setting, offering a perfect balance between modernity and timelessness. The contrast between the warm luster of gold-plated silver, the depth of the sapphire, and the brilliance of the topazes lends this ring a discreet elegance, ideal for both everyday wear and special occasions. A ring with character, featuring a simple and contemporary design, that will appeal to lovers of refined jewelry.
