Description

Oil on canvas, 18th-century English-style portrait. This portrait depicts a man from the English bourgeoisie or minor nobility, shown from the waist up in a slightly turned pose. The subject gazes at the viewer with calm and confidence, while his right hand rests on his chest--a gesture often associated with elegance and restraint. He is dressed in a simple brown suit, typical of late 18th-century men's fashion, complemented by a delicately rendered white ruff. The face is softly rendered, highlighting a rosy complexion and a composed expression. Oil on canvas, historically re-stretched.
