

## Portrait Of The Bust Of Menelaus, King Of Sparta, From Greek Mythology

350 EUR

Signature : Georges Seressin

Period : 19th century

Condition : Très bon état

Width : 40cm

Height : 52cm

### Description

This framed drawing features a bas-relief depiction of the bust of Menelaus, the king of Sparta in Greek mythology. The work depicts Menelaus wearing a Corinthian helmet adorned with battle scenes, a common detail in artistic representations of this hero. This type of depiction, often crafted from white marble or cast, is inspired by the famous Roman sculpture housed in the Vatican Museums
