Description

Charming 1900s vase with columbine decoration by Gallé. This vase, which is entirely acid-etched, features very pretty colors with a design of red and pink columbine flowers on a honey-colored background. Note the vase's very elegant shape, which is well-documented and was often used for lily-of-the-valley vases (see last photo). Beautiful engraving quality--I'll let you be the judge. 19 cm tall, in perfect condition, signed, circa 1910. Beautiful colors and an elegant shape--a lovely vase by Gallé!
