

Bronze, A Young Couple In The 18th-century Style

590 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Length : 22.5

Height : 24

Depth : 11

Description

A charming bronze sculpture with a nuanced brown patina, depicting a young couple "in love"; the young man, dressed in military uniform, is carrying the young woman's shopping. This group rests on a veined marble pedestal. Crafted in the 18th-century style, it is a high-quality 19th-century piece.
