880 EUR

Period : 19th century

Condition : Très bon état

Material : Oak

Length : 1m14

Width : 1m04

Height : 71cms      sous la ceinture : 63 cms

### Description

Henri II-style side table from the late 19th century. The color of this side table was achieved through sandblasting, which removed all traces of old wax and gives it this very decorative light finish. This side table can accommodate extension leaves and has additional legs under the tabletop. The four-legged base is entirely carved with foliage and fruit motifs. It is slightly oval in shape. Excellent condition. Delivery available; please contact us.
