Description

Each material enhances the contrasts! The rim is raised on a quarter-round brass molding. Its convex shape highlights the stepped fit of the Carrara marble. (W: 65 cm) The bronze railing, delicate and openwork, balances this alternation. On the shelf, we find this same railing, with the front adorned with a flat bronze molding. (H: 24 cm, Depth: 60 cm, L: 94 cm, D: 34 cm). The leg with turned fluting harmonizes perfectly with the baluster base. It rests on bronze feet. This ceremonial piece of furniture, combining elegance and refinement, is timeless. Delivery available but not included in the price.
