Description

SAINT-LOUIS - Six Rhine wine glasses, "Cerdagne" model, in colored crystal. A beautiful set of six large Rhine wine glasses, also known as Roemers, from the prestigious Cristallerie de Saint-Louis, "Cerdagne" model, created in 1955. The six glasses feature an elegant, flared bowl made of double-colored crystal, deeply cut with long, lanceolate motifs that beautifully catch the light. The set offers a beautiful palette of colors: cobalt blue, blue, green, chartreuse green, as well as various shades of pink and amethyst. The colored bowls contrast elegantly with the long, faceted stems made of colorless crystal. Together, they form a remarkable set of six colors, particularly decorative on a table. Each glass bears the Cristallerie Saint-Louis stamp on its base, guaranteeing its origin. Saint-Louis notes
