Description

A splendid Art Deco-era ring in 750/00 gold--18 karats--featuring a rectangular, beveled setting. The center is set with 10 old-cut diamonds, estimated at 0.02 carats each, arranged on a white gold plate that adds sparkle and contrast. The entire design is delicately surrounded by calibrated sapphires, custom-cut to follow the geometric shape of the setting. The yellow gold band is extended by slender white gold shoulders, evoking small stylized leaves that harmoniously support the central motif. The openwork shank, featuring a rounded graphic design, lends a sense of lightness to this refined setting.
