

## Glass Or Lamp Holder, Louis XIV Period

220 EUR

Period : 17th century

Condition : Bon état

Material : Walnut

Diameter : 24,5

Height : 66

### Description

A charming little stand for holding a glass or a candlestick, made of turned walnut; the round, flanged top is supported by a shaft consisting of a series of balusters, balls, and discs, resting on a molded circular base with three small feet (minor imperfections and wear; the small feet have been restored). Louis XIV period. Good condition.
