

Large Antique Cut-crystal Decanter / Jug, 43 Cm Tall / 2.6 Kg

220 EUR

Period : 20th century

Condition : Parfait état

Material : Crystal

Description

A stunning large cut crystal decanter with a beautiful baluster shape, resting on a circular base. The body is richly adorned with geometric patterns and faceted cuts, alternating with vertical patterns that beautifully capture the light. The slender, slightly flared neck is adorned with an elegantly designed handle. It is topped by its substantial cut crystal stopper, with a faceted pyramidal shape that perfectly complements the piece. The piece features exquisite cut quality and makes a striking decorative statement. A particularly elegant piece that can be used as a wine decanter or as a decorative object on a table or in a display case. Material: cut crystal Height: 43 cm / Weight: 2.6 kg In very good overall condition.
