Description

An elegant oval mirror made of wood and gilded stucco, dating from the second half of the 19th century, in the Louis XVI style. The frame features rich gilded stucco decoration: a beaded frieze, foliage, and plant motifs in relief. The upper section is crowned by a large pleated ribbon bow, accompanied by roses and foliage, forming a particularly decorative pediment. The oval frame is accentuated by several moldings and a wide gilded groove that lend relief and depth to the piece. Beautiful antique gilding, retaining a natural patina and some signs of wear consistent with its age. Period: second half of the 19th century. Style: Louis XVI. Material: wood and gilded stucco.
