Width : 28

Height : 57

Depth : 16

Description

Each wall sconce is crafted from transparent Graniglia glass with gold accents, characterized by a particularly rich material, interspersed with a multitude of inclusions and crystalline sparkles that capture and diffuse light. The glass is crafted with long vertical ridges and features a spectacular flared shape, cinched at the center by a decorative glass element reminiscent of a knotted ribbon. The structure and mounting hardware are made of gold-finished metal. The lighting brings out the champagne and golden hues of the Graniglia and highlights the depth of the glass. Brand: Italamp Product Code:

27/APG Country of Origin: Italy Material:

Graniglia glass / transparent glass with crystalline inclusions, gold-plated metal Dimensions of each

wall sconce: approx. H 57 × W 28 × D 16 cm
