Description

Bronze sculpture depicting Hercules and Antaeus in combat, after a model attributed to Stefano Maderno. Hercules is shown lifting Antaeus from the ground, following the celebrated mythological iconography. Signed Trodoux, a signature associated with the French sculptor Henri Émile Adrien Trodoux (1815-1881), placing the work within the context of French bronze production of the 19th century. Dimensions Height: 59 cm Width: 31 cm Depth: 22 cm
