

Black Forest Cane Knob

250 EUR

Period : 19th century

Condition : En l'etat

Material : Solid wood

Height : 32,5

Description

The upper third of what was undoubtedly a splendid monoxyl cane from the Black Forest, which has unfortunately been broken. On this upper third, carved to resemble a tree trunk, the handle is shaped like a monkey climbing the tree; only a single glass eye remains; to preserve this section, which features exquisite carving, it has been mounted on a black wooden base. Height: 27 cm Height with base: 32.5 cm
