Small Louis XV-style walnut coffee table - 18th century
Elegant small coffee table made of solid walnut, dating from the 18th century, in the Louis XV style. It features a beautiful rectangular top with slightly rounded corners, resting on a scalloped and undulating apron, adorned on the front with a drawer that opens via a bronze ring. The piece rests on four curved legs characteristic of the Louis XV style, giving it a particularly elegant and light silhouette. The warm patina of the walnut and the signs of wear lend this table all the charm and authenticity of an antique piece.
