## Flemish Or Dutch School, 18th Or 19th Century: Personification Of Winter Bronze

850 EUR

Period : 18th century

Condition : Bon état

Material : Bronze

### Description

Flemish or Dutch School, 18th or 19th century  
Personification of Winter  
Bronze, partially gilded, height 16 cm  
Mounted on a yellow marble base, total height 18 cm  
Provenance: private collection, The Netherlands  
\*A charming gilded bronze sculpture of a Putto holding a pot filled with fire, and therefore a Personification of Winter. Presumably made in Flanders or Holland during the 18th or 19th centuries. On a later marble base, with has an additional hole in the centre. Good condition for the age, nice colour and patination. Shipping in Europe: EUR 25
