Description

This iconic model by MAX LE VERRIER, with its impressive height of 84 cm, embodies ART DECO in all its splendor. CLARTE represents the goddess of light, a woman crafted from cast iron holding a luminous sphere at arm's length. The curve of her back and her head tilted backward help counterbalance the weight of the orb, creating a pure and balanced silhouette that symbolizes power and elegance. This illuminated sculpture by MAX LE VERRIER has been produced by the artist in four different sizes (170 cm, 84 cm, 65 cm, and 38 cm). This is the second-largest version, scaled at 1/2 the size of the original.
