Description

Crayfish Fishing Engraving by Eugène Champollion (1848 - 1901) based on the original painting by L. Doucet. Printed and published by Boussod Valadon & Co., successors to Goupil. Subject: 36 x 54.5 cm. Sheet: 65 x 91 cm. This engraving is approximately 150 years old. It is in good condition considering its age. Our restorer carefully cleaned the engraving to remove traces of aging and accumulated dirt. Tear in the margin at the lower left corner, which does not affect the subject. This tear has been carefully restored. The restoration remains discreet and, once the engraving is mounted with a mat and framed, it will become virtually imperceptible. We invite you to examine the photographs carefully, as they form an integral part of the description and condition report of this engraving.
