

Set Of Fifteen Knives With Lunéville Earthenware Handles--19th Century

850 EUR

Period : 19th century

Condition : Bon état

Material : Earthenware

Length : 24cm

Description

Fifteen 19th-century fine earthenware knife handles with metal and steel mountings, made of Lunéville earthenware. The handles are rocaille-style, molded on each side to resemble a seashell. Two have cracks (see photos). Total length: approximately 24 cm. Bibliography: Hubert de Vinols, **Dresser la table, Tout un Art**, Montreuil, 2025, ill. pp. 77, 78. Additional information and photos available upon request. <https://www.bils-ceramiques.com/en/>
