Description

Vintage "Toi et Moi" Ring from the 1960s -- Diamonds, 18K Gold Two diamonds, one promise. This "Toi et Moi" ring embodies the spirit of the 1960s: two diamonds set in a sunset setting, joined by a band of two-tone 18K gold (yellow and white gold). A piece of jewelry steeped in history, crafted to be passed down through the generations. A Brief History The "Toi et Moi" ring owes its name to its symbolism: two stones, side by side, representing two people united. Popularized as early as the 19th century and worn by prominent historical figures, it remains today a timeless classic of romantic jewelry--just as beautiful as an engagement ring as it is as an everyday piece. Features Vintage "Toi et Moi" ring, 1960s Two-tone 18K gold (750?)--yellow gold and white gold 2 central
