

Fang Byeri Statue, Guardian Of A Reliquary, Gabon, N'tumu

2 700 EUR

Period : 20th century

Condition : Etat d'usage

Description

Byeri, Fang statue of a reliquary guardian, 52 cm tall and 57 cm with its base. A simple, rough-hewn, and very impressive statue--the favorite in my personal collection--which I am parting with reluctantly, but I absolutely must make room; it has a superb and significant ritual patina, dating from the middle of the last century or earlier.
