Description

"Large Art Deco Desk" : oak and oak veneer, 77 x 151 x 90 cm ! This imposing desk is very practical--I know a thing or two about it since it used to be in our home ! But my wife redesigned the space, and so... Admittedly, the more space you have, the more you tend to put things on it, quickly turning this large tabletop into a real mess--but at least, when I was doing the monthly bookkeeping, I could always find all my papers... With an almost Jansenist rigor, its somewhat masculine simplicity doesn't exclude a certain elegance. Don't mind the lighter spots: I photographed it in the garden under the cherry tree, and the sun was shining through the foliage. No shipping via the Post Office !
