

Large Chinese Screen In Carved Wood And Claustra - China, Late 19th - Early 20th Century

3 500 EUR

Period : 19th century

Condition : Très bon état

Material : Solid wood

Height : 220

Description

Large Chinese three-leaf screen in carved and openwork wood. Very beautiful and important three-leaf Chinese screen, made of solid wood, with a remarkable openwork geometric claustra decoration. Each sheet is composed of an important wooden structure, with molded uprights and crossbars, as well as carved panels decorated with rinceaux and plant motifs in the upper and lower parts. The central part, particularly elegant, has a claustra work with regular geometric patterns, bringing lightness and depth to the whole. The construction, especially the assemblies and mortices visible on the uprights, is a testament to traditional and quality carpentry work. The set has a beautiful old patina, with marks and traces of use that contribute to the charm and authenticity of the piece. Screen of
