Description

An elegant column or display stand with a straight, geometric shape, crafted from natural travertine stone in warm tones and richly veined with red, ochre, and white. The stone's natural patterns are enhanced by a satin finish that is very soft to the touch. The simplicity of its clean, architectural form--an aesthetic choice widely adopted by museums and major art galleries--makes it the ideal base for showcasing an object. This pedestal will beautifully showcase a sculpture, a bronze, a collectible vase, or a lamp, allowing it to blend seamlessly into a contemporary, high-end decorative, or Brutalist-inspired interior. Extremely stable due to its shape and weight, this piece perfectly combines architectural strength with timeless elegance. Dimensions: Height 95 cm Base 30 cm x
