Pair Of Side Tables

1 900 EUR

Period : 20th century

Condition : Très bon état

Material : Painted wood

Diameter : 56

Height : 76

Description

Pair of side tables made of black-lacquered wood with beveled mirrors; the four sides of the legs are beveled. One of the mirrors on one leg has a crack, so we've placed it on the inside so it won't get in the way. Made in the 1970s or 1980s. Very decorative.
