Art Deco Platinum Earrings Set With Malachite-cut Diamonds And Onyx

4 900 EUR

Period : 20th century

Condition : Très bon état

Material : Platinum

Length : 4,8cm

Width : 1cm

Description

These are authentic Art Deco-style earrings. They are made of platinum, with only the posts and clasps made of 14-karat (585) gold. They are adorned with rose-cut diamonds, malachite, and onyx. The malachite is no longer in perfect condition, and I believe a small onyx element has been replaced; otherwise, the earrings are in remarkable condition. 10,5g
