

18th-century Blown-glass Pillbox--from The Manufacture De La Margeride? 18th-century Pharmacy

350 EUR

Period : 18th century

Condition : En l'etat

Material : Glass

Diameter : 7,5 cm

Height : 14 cm

Description

Blown-glass pillbox with a baluster-shaped stem resting on a wide, flanged base. 18th century--Manufacture de la Margeride? I propose this hypothesis because of the pinkish discoloration of the glass, which is typical of this Cantal-based manufacturer. It is most pronounced on the bowl and, to a lesser extent, on the base, while the baluster is unaffected. Dimensions: height 14 cm - diameter 7.5 cm. No cracks or chips. Scattered air bubbles.
