

Set Of 10 Park Posts Made Of Vosges Sandstone--16th/17th Century

280 EUR

Period : 16th century

Condition : Bon état

Material : Stone

Diameter : 20 cm x 22 cm

Height : 1,20 m et 1,50 m

Description

SET OF 10 PARK POSTS 16th-17th century
Light-colored Vosges sandstone
Provenance: Entrance to a park near Saint-Dié-des-Vosges
10 stone posts with a beautiful patina, featuring diamond-pointed tops.
Arranged in a straight line with a spacing of 2 m to 2.50 m between each post. This results in a single continuous run of 20 to 25 m Or two aligned rows, each about ten meters long. The spacing between each post can be increased to 2.80 m or 3 meters
The posts' 20 to 22 cm cross-section allows for this without compromising aesthetics. This amounts to about 30 meters Or 2 x 15 m to line a path on both sides. The posts are connected to each other by square-section wooden beams--with or without stone bases
Not included in this offer; see below

**** Notches have been carved into the stone to allow for the placement of the wooden rails as well as their replacement over time.** Visual height: 1.20 m Cross-section: 20 to 22 cm The posts are slightly longer to allow them to be anchored to the ground Anchoring the posts in a buried concrete foundation is recommended for greater stability. Appearance: Beautiful golden patina on this light-colored Vosges sandstone. Traditionally hand-cut, retaining traces of the tools used in its production: chisels, a step chisel, a bush hammer, and a rail chisel... A few routine repairs will be carried out before delivery by our stone-cutting workshop. **** Wooden railings are not included in our offer, but our carpenter/joiner can certainly provide sturdy and durable pieces made of oak or Douglas fir cut to your desired size and spacing (quote available upon request) We charge EUR280 per post. That brings the total cost for the entire lot to EUR2,800 Our shipping carrier is available to provide a free delivery quote in exchange for your ZIP code. Please feel free to contact us for any additional information**
