Description

A magnificent and authentic oil on panel (hardboard) depicting a typical urban landscape under a blanket of snow, signed in the lower right corner. The work poetically captures the hushed atmosphere of winter. The artist's work particularly highlights the contrast between the warm facades with their colorful shutters and the immaculate whiteness of the snow piled up on the rooftops and street furniture. A beautiful mastery of light, texture, and geometric compositions characteristic of the second half of the 20th century. Dimensions without frame: 46 cm / 38 cm. With frame: 69 cm / 61 cm.
