Description

Large CHANEL Lamp - 1970s - Black Glass and Brass - Original Lampshade A very beautiful and imposing Chanel lamp from the 1970s, with a particularly elegant and decorative design. It features a large rectangular body made of black glass, framed by a beautiful gold-plated brass mount. The front is adorned with the famous interlocking double C as well as the CHANEL inscription in white. Its highly architectural design and the refined combination of black and gold-plated brass give it a luxurious aesthetic, perfectly representative of 1970s interior design. The lamp retains its large, original black rectangular shade, with a gold interior, which perfectly highlights the lines of the piece and diffuses a warm light. Standing 71 cm tall, this lamp has a striking presence and will easily find
