

Portrait Of A Man Wearing A Red Fez - Oil On Panel

850 EUR

Signature : À définir

Period : 20th century

Condition : Bon état

Width : 50

Height : 60

Description

A beautiful painting depicting a man in profile, wearing a red fez and a traditional suit in light tones. The figure stands out against a neutral background of shades of gray and green, which particularly highlights his face and headwear. The artist pays particular attention to the facial contours, skin tones, and play of light, using a visible and expressive painterly touch. The dominant red of the fez provides a striking contrast to the overall composition.
