Description

A very beautiful and rare ANEMOBAR barometer in the Louis XV style, made of white terracotta with a faux-wood patina. Exquisitely carved! Very decorative! A high-quality barometer in very good condition, complete with its protective glass cover. Inside, behind glass, is the complete instruction manual with all wind directions. A rare and very interesting model! Dimensions: 51 cm high by 42 cm wide by 6 cm deep. Visually, a truly beautiful antique scientific object!
