Description

A Napoleon III-style display case crafted from gilded bronze. The interior features a mirrored glass back that beautifully reflects the cut crystals. The delicately openwork legs, adorned with elegant volutes, give the display cabinet a light and refined appearance. Both the top section and the front are hinged and can be opened, allowing easy access to the crystal set. Contents: The set is nearly complete and includes the original, finely cut crystal liqueur glasses, which are in excellent condition. Special feature: One of the four original crystal decanters has been replaced with a very similar piece. This replacement decanter blends particularly well with the other pieces, both in style and in craftsmanship and dimensions, thus forming a harmonious set.
