Description

The bas-relief, of exceptional sculptural refinement, is crafted from meerschaum (or carved stucco), displaying highly detailed workmanship in the drapery and the figures' poses. It is enhanced by its original patinated gilt bronze/brass frame, featuring a chased border and an openwork surround with leaf or petal motifs in a fluid, organic design. Period: Late 19th / Early 20th century (circa 1890-1910). Fitted with a suspension loop on the back. Condition: Original "as-found" condition with a beautiful period patina. Some minor chips and slight signs of use are visible on the relief (see detailed photos), though these do not in the least detract from the charm of this devotional object. Dimensions: Height: 9 cm Width: 7.5 cm Depth: 4 cm
