

Corozo Long Necklace

280 EUR

Period : 20th century

Condition : Bon état

Material : Solid wood

Length : 182 cm

Width : 2 cm

Description

Long necklace made of 65 corozo beads (vegetable ivory, derived from the nut of a South American palm tree). The necklace consists of large, spherical beads carved with a regular pattern, along with turned spacers, all connected by metal links. Beautiful natural patina, sturdy construction. Note that 6 beads are slightly cracked, though this does not affect the necklace's overall strength. French craftsmanship from the early 20th century. Dimensions -Weight: 243 gramsLength: 182 centimetersWidth at widest point: 2 centimetersYou can browse our other listings and follow our gallery to stay updated on new arrivals...
