Description

A high-quality English vintage wingback armchair in brown leather, executed in the George III style. The backrest, armrests, and wings feature button-tufted upholstery in the original brown leather. The chair is distinguished by scroll-shaped armrests and brass stud detailing. It stands on square legs--sabre-shaped at the rear--connected by an H-stretcher. The chair boasts a beautiful, unaltered color and a rich patina, and offers great seating comfort. The seat height is 43 cm. Originating from the Tyne & Wear region, the armchair is in good vintage condition, reflecting years of careful use and showing signs of wear consistent with its age.

The photographs form part of the description. Dimensions: (in cm) Height: 105
