Wooden rollers are missing to operate the automatic opening of the doors, and a small brass cigar storage compartment is missing. Only one opening mechanism works. The cabinetry is in very good condition! A very high-quality model! Features a top control knob bearing the image of a tobacco merchant. Dimensions: 30 high by 17 cm wide at the base and 15 cm at the top. Visually very decorative and can potentially be operated by hand--simply push and pull the openings!
