Description

Two-door, one-drawer wardrobe made of solid walnut - Early 1900s
Vintage wardrobe crafted from solid walnut, dating back to the early 1900s. It features two large doors with simple yet visually striking paneling, thanks to the wood's stunning natural grain. At the base is a convenient drawer with its original handle. The piece rests on turned legs, typical of the style of the period. The warm patina and glossy finish enhance its authentic beauty, making it a perfect piece for both classic and refined interiors.
