Description

Items known as "Mauchline Ware" are primarily various boxes and office supplies, as well as small everyday sewing items, and are highly sought after by collectors today. They were manufactured in the 19th century in the town of Mauchline, Scotland. Here I am offering a case designed to hold three small pairs of scissors for sewing projects. It's also worth noting that this yellow-and-black tartan pattern is extremely rare. Sold without scissors. Shipping available to France and internationally; please contact me for details
