Description

A precious little perfume bottle, made entirely of cut crystal, with a neck set in solid silver and bearing a lion hallmark--undoubtedly a 19th-century English piece. The stopper is also made of crystal, faceted rather than featuring geometric patterns like the body of the bottle. In perfect overall condition: no cracks, chips, or anything else worth noting. Free shipping to mainland France. Please contact me by email if possible. I am available to provide further information.
