

18th-century Copper Brazier

300 EUR

Period : 18th century

Condition : Très bon état

Material : Copper

Width : 40cm

Diameter : 24cm

Height : 65cm

Description

A brazier resting on a tripod base made of turned brass balusters joined by a crossbar, with a central support shaft. The heating element, designed to hold the embers, is made of wrought iron and is inserted into a more aesthetically pleasing copper drum! Equipped with two handles for easy movement, it is decorated with openwork brass rosettes. This brazier is fully functional! It can also be used as a planter. Dimensions of the container: diameter 24 cm / depth 15 cm Total height: 65 cm Base span: 40 cm
