

Grebo Mask From Ivory Coast

950 EUR

Period : 20th century

Condition : Etat d'usage

Description

A superb Grebo mask--one of those famous masks that impressed artists such as Picasso and Braque and are likely to have inspired Cubism. Beautiful antique patina and traces of pigment; total height 44 cm; note a few square-shaped eye holes, a sign that the mask dates from before the 1950s.
