Description

Single-flower vase with "Vines and Grape Clusters" design by Émile Gallé (1846-1904), Nancy. Single-flower vase bearing Gallé's signature in cursive cameo relief, dating from the mature Art Nouveau period, circa 1900-1904, one of Gallé's most sought-after periods. The "Vines and Grapes" design, featuring peltate leaves and coiled tendrils, is an iconic motif created around 1900-1902 and produced until the atelier closed in the 1910s. The quality of the *dégagement*, the hammered amber-yellow background, and the intense two-tone green are typical of pre-1904 production. The cameo glass is blown and features three layers; it is acid-etched and finely ground on a wheel. Satin-finished amber/citrine-yellow base, with an overlay of acid green on a darker green. Smooth interior.
