Description

A set of four wall sconces dating from the late 19th century, made in Italy of wrought iron and gilded sheet metal. Each wall sconce is decorated with leaf and flower motifs, which lend it a natural and refined elegance. The curved arms support three light sources, enhanced by pendants made of clear and colored glass that reflect the light, creating an evocative atmosphere. These decorative elements, combined with the intricate metalwork, make the wall sconces ideal for spaces that call for a touch of classic style and historic charm. ANILLA0300726
