Depth : 85 cm

Description

This large "Gradual Lounge" sofa was the first piece Cini Boeri designed for Knoll/Gavina. The sofa features a black fiberglass frame with two built-in shelves on the back. It sits on six casters. The black leather cushions can be removed, leaving only the fiberglass frame. The triangular piece serving as the "end table" can be removed if desired and folds out to expand its size. The number 35 is located beneath the triangular piece. The original black leather is supple, with creases in various places (see photos). There are some cracks in the leather in certain areas, as well as an open tear on a seat cushion (see photos). There are several minor imperfections:- Damage to the front cylinder of the triangle (fiberglass indentation).- Scratches from normal use in various places.- On the top of
