### Description

An exceptional collector's item: a large, authentic table lamp from the famous Émaux de Longwy, a prestigious French manufacturer founded in 1798. This model from the 1980s stands out for its extreme rarity on the vintage design market. A far cry from the pottery's classic floral designs, it features a sleek, graphic postmodern style, combining black arabesques, stylized flowers, and scrollwork, on a stunning crackled ochre-yellow background. A 50-cm lamp base is a custom-made or prestige piece, produced in much smaller quantities. Original handwritten signature "ÉMAUX DE..." hand-painted in the studio on the base of the lamp stand. In very good condition, with no major chips or visible cracks. The electrical system is in working order. Sold with its large, original beige conical
