

Kota Sangu Gabon Relic Keeper Fetish

1 800 EUR

Period : 20th century

Condition : Etat d'usage

Description

Kota Sangu fetish statue from Gabon, the famous guardian of relics. Composed of a wooden core to which strips of yellow and red copper and other metals are attached; the neck is adorned here with a long necklace (coiled copper wire). Height 37 cm, very beautiful patina resulting from use and age; note that the lower part--the section inside the basket and thus protected by fabric--does not have the same patina as the rest of the fetish. Antique fetish, estimated to date from the first half of the last century, in good overall condition.
