- Oil on canvas. Original canvas.- Born in the realm of the heavens and clothed in the immaculate radiance of the first rays, the daughter of the Sun traverses the earth as the living embodiment of light and celestial mystery. It is not blood that flows through her veins, but a liquid fire of warmth and life that makes even the driest fields blossom in her wake and gilds the frozen courses of rivers; Her gaze, imbued with the magnetism of sunsets and the purity of dawn, possesses the divine power to dispel the shadows of the mind.- Unframed image dimensions: 65 x 50 cm / 71 x 56 cm with an exclusive custom frame.
